[Intro: DJ Spin One cuts]

"spect the unexpected" -> Method Man

[Chorus: Q-Unique]

Respect the unexpected

Press play to my cassette when yours gets ejected

This money in this rap got some brothers livin' hectic

Distracted while they acted I snuck in undetected

Quaternarys connected

Respect the unexpected

Press play to my cassette when yours gets ejected

This money in this rap got some sisters gettin' naked

Distracted while they acted I snuck in undetected

Quaternarys connected

[Verse One: Jise One]

Expect that I selected molested rhymes aggressive

Impetuous notebook medic couldn't reconstruct the relic

Simplistical explanation for me to rock the mic

Incredible, incombustible, speak in parables like

neophytes

Coincide tight with might of urban joust

Gladiator, illuminator and every day common incinerator

Perpetrators get tapered zoned to fire frequency

Blessed by predecessors so I've grown to mass fluidity

Vast impurities get flushed in lavatories

Minority flashy stories don't cut the chase it lures me

Poor me! Because I used to be a thug

I should've elaborated produced rotation bugs

[Verse Two: Q-Unique]

I close the open mic and lock it with key elements of everlasting phrases

It's the way I flow with grace that amazes

All praises due to Q who do true

You don't, cannot, shouldn't you

The little engine that couldn't

Me the stop that wouldn't

You concerned with material

Me the rebel allie to crush the imperial, burnin' down
your ministerial
You the 15-minutes-of-fame rap act
Me the heavy handed MC to smack track
You the Mr. trapped-by-wack-contract
Me the black flag to kill on contact
You the dead roach, me the head coach
You player ready for retirement
Me better for the environment
You better think, me better ink
Get her any wetter than a sink, brother let her drink

(Chorus)

[Verse Three: Jise One]

Watch me give it a shrug, I rather fondle impairment
Awareness leaving the bareness of my culture stand in
arraignment
I'm level basement incarcerated tracks to my advanced
Romance dig in your earlobe enhanced rivoting soul
stance
Every day's my last chance, tranquilizing the present
Utilizing the past the future sharpened reception
No acceptance applicants, never extradited wackness
Practice malice inbalance, don't silence my code of
challenge

[Verse Four: Q-Unique]

The Lord is my shepherd, I shall not want to
contaminate
Nah.. none of that, I'm stickin' well within my habitat
Got the hip for all the hops, bottom out until the top of
the top tip hits with grit shit
Then I'ma shift into high gear, my year, every year
Let me hear someone near cheer
Q blaze that and I'ma lose it like a needle in a haystack
and payback like installment plans my fist twist unlisted
lines
You can't call it man, my pen ink.. amazes the page
with engraved phrases
and raise to "hey" stages and put an end to the
weak/week like paid wages
You left behind ass crack
I bounced from ASCAP and linked with BMI
'cause a brothers mind's incredible, now you seeing
why..
Q get the "Unique" definition, the one in the
preminition
said to lead the underground into victory over the evil
industry
Fade outs and rollin' credits couldn't finish me

Never mind fine wines, I speak prime lines to my kinds
Dead in' the 100 watt spotlight with 1000 drop mind
shines

(Chorus)
