Let's talk about old friends
Let's talk about old friends
Let's talk about anything
What was really going on
Let's talk about old friends

Let's talk about heroes
Let's talk about heroes
Strong men, wise men
Some of the even known
Let's talk about heroes

Somebody told a lie
Tears fall down, tears fall down

Somebody hurt you
Somebody hurt you
Go on and sit with
There's no reason to be found
Somebody hurt you

Let's talk about Sharon
Let's talk about Sharon
That I know some things
She wishes I didn't know
Oh, let's talk about Sharon

Ooh, somebody told a lie
Tears fall down, tears fall down

Let's talk about old friends
Let's talk about heroes
Let's talk about Sharon
Let's talk about old friends
