There she stood right next to me at the
Temple beautiful
The lights went on and the band came on at the
Temple beautiful

She got so excited
So excited

There she stood right next to me at the
Temple beautiful
Her mind was dirty but her hands were clean at the
Temple beautiful
Two guitars, raise the drums at the
Temple beautiful

She got so excited
Manchester United

There she stood right next to me at the
Temple beautiful
Someday, there's gonna be a revolution
Till then, you need an eye on constitution

The lights came on it was a whole new world at the
Temple beautiful
I got the kid but I lost the girl at the
Temple beautiful

She got so excited
Manchester United
Her mind was dirty but her hands were clean at the
Temple beautiful

Everybody doing criminal acts
Temple beautiful
And now the future's here, but it feels like the past
Temple beautiful
I don't remember what happened last
Temple beautiful
Well we might've got high, we might've just left
Temple beautiful

Someday this is all gonna be gone
Temple beautiful

That's right
