I knew you was fuckin' around
Playing all innocent and hoeing since the foundation
Don't make have to pound his thin crown face in
And risk being jammed up like traffic inbound from
space in

There's been a place for you in my heart since we first
met
A teenage love and didn't feel no hurt yet
My boys warned you was poison like BBD first cassette
And still I put all my chips on the worst bet

Gave up the skirt, now I gotta hear it from the street
How dare you drag my name in the dirt and cheat?
You coulda broke it off and ended it and dipped
And if you spoke soft coulda still preserved the
friendship

Now you apologize that's why they all say
You wasn't sorry when you sucked him off in the
hallway
But have it your way, raw no foreplay
That's you if you want a dude who wear a mask all day

And just to think, I used to be proud of you
And you had some real good power

Probably kissed me that same evening I should be
hurling
Matta fact, gimme back my bracelet and my sterling
I rather waste it or give it for ya girlfriend
She did let me stab it last week while you was working

Remember our vacation out to Maryland?
I duked the maid, Carolyn, she made me throw the
towel in
Like all fool men the times I hit ya moms off
I told her knock it off but she had to set the rocket off

Ain't enough room in the fuckin' town
When you see thin head tell 'em be duckin' down
I'm not rompin' around, he better be armed

Ready and prepared to be stomped in the ground
