[Mase]

Yo, I look scared? Huh?

Teamsters, I look scared in here? Huh?

When I go through the hood do I tuck my chain in?

Huh??

Do I be in the hood with bodyguards? I thought not

Now look what y'all made me do

I was just good wit' my shiny suit

I wasn't botherin' nobody

I was just throwin' my rollie in the sky

Now look what you made me do

Look what you made me do

Lood what you made me do

I ain't even here to play wit' you

What, what, Wanna Blow, what

Yo, Mase hop out the blue Lex wit' about two tec's

Spit fourteen got about two left

If one vest is thin then rock two vest

Triple platinum and only in the U.S

I'm the Harlem-World-slash-All-Out-dot-com

My con, if you could buy Cris' then why buy Don

All you cats at rah-rah-Betty-dot-com

Wanna see a hundred grand then look at my arm

You think I wanna take this too far in a Rugar

Put a hollow bullet through y'all

Have cats at ya wake come out of New York

And ya body in the Salt Lake out in Utah

So you are feel good, leave the country

And then all you are, Spain, baggage claim and they

yellin' bonsoir

You think I'm comfy, think Mase won't go home free

Think I'm satisfied make 20 grand monthly

Wanna lump me, walk through clubs they bump me

Wanna tell all they bone chickens how they jump me

They can't wait to see the paramedics come to pump

me

While they OT, I'm O.C., I'm out the country

[1 - Mysonne]

Uh, uh, uh

If you love me, I love you  
The same way you trust me, I trust you  
The same way you hug me nigga, I'll hug you  
The first time it's fuck me nigga, it's fuck you

Nigga, if you love me, I love you  
The same way you trust me, I trust you  
The same way you hug me nigga, I'll hug you  
The first time it's fuck me nigga, it's fuck you  
Fuck you

[Mase]

Yo, being at the wrong place at the wrong time  
Get some cowards killed and some get long time  
I roll wit cats who would roll for me  
Bust a gun for cats who will bust for me  
Did some wrong, I did some right  
I lived the life, sometime I think what will my kids look  
like  
Rarely talk even wit a chick I like  
I'm here 'till Thursday, don't make me switch my flight  
Don't get your moms caught in the middle of the night  
Don't look good for your son but the kid could fight  
And yo, you can't prolong but for so long  
When it's God playin', no man could hold on  
Nigga, I be real when the act be over  
See you at the light and snatch your black rover  
Cook my coke and crack without the shoulder  
And don't mind bustin' a gat without a motive

[Repeat 1 while:]

Double Up, Double Up  
What, what, my Teamsters  
What, what, my Teamsters  
What, what, All Out  
Uh, it don't stop  
Yeah, ya don't stop, what  
Uh, uh, uh  
Yo, yo

You know a lot of people talkin' 'bout doin' the kid  
Never leave witnesses that knew what I did  
You wanna harm me cat, bring five of your best  
Put two in your ribs and five in your chest and five in  
the vest  
Cat cosign and get the five that's left  
Want suicide nigga, I provide your death  
No nigga's in the street that die for less  
So why confess? We won't leave alive  
Unless you keep your feet up frontin' in the jeep  
Cuz nigga's who I'm wit spit nothin at your feet

Red dot head shot, fluorescent green beam  
For them niggas who test my team  
And when your joint jam, my joint'll bust  
I kidnap friends cuz the money is a must  
And to be real wit' you I feel for you  
Cuz two to the head is how I deal wit you  
I ain't playin'

[Repeat 1 while:]

I don't even know you, nigga  
I don't even know you, nigga (What)  
I don't even know you, nigga  
I don't even know you, nigga (What)  
I don't even know you, nigga  
I don't even know you, nigga (What)  
I don't even know you, nigga  
I don't even know you, nigga  
I don't even know you, nigga  
I don't even know you, nigga  
Big Shyne  
Myse  
Wanna Blow  
H World  
The Movement  
The Teamsters  
Uh, All Out  
That's what family means  
Ain't nobody else count  
Nobody else count  
Nobody else count  
Nobody else count  
Straight Fam'  
You ain't family, nigga?  
I don't even know you, nigga  
What, what, what  
Take it how you wanna take it  
Take it how you wanna take it
