Yeah, YEAH  
C'mon  
Man I just do what the doers do  
C'mon, yeah you heard the man  
I just do what the doers do

[Verse 1]

Now I been makin hits since underage  
Contract intact, can't be under paid  
This ain't a game I ain't fun to play  
Don't front for me I ain't from the A  
Don't you wanna hear what I come to say  
This just a kid you know me from before  
Prices go up when I come in the store  
I'm in another island in a bungalow  
Evisu down to my underclose  
Ate like a cat that was undersold  
I give and get it back in a hundred fo'  
I feel like a man that was from the road  
And y'all know that I will bring you out  
And what I'm talkin you don't know a thing about  
Bring Modenas out  
Take a scenic route  
Bettin against me, it's bound to clean you out

[Chorus]

This is for all of my people  
Who stood beside me and still believed  
Drop-top cars and SUVs  
G5 flights and shopping sprees  
This is where you wanna be  
This is La Familia

[Verse 2]

It's hard to get low  
In a 3-6-0 Spider  
License plates all the chicks know  
Cats walk around buffed up like beach guys  
But they don't put no fear in these eyes  
Besides, I'm just here to teach lives  
Girl walk around, try to give me the slide

The ice on my arm it gave me all away  
I roll up the tint top up and rode away  
I smell like money, let the odor stay  
Go in my closet, fur to throw away  
I'm never lost I already know the way  
If I need it for tonight I'll get it for today  
I'm God-made, I took five years parlay  
Home pool, arcade and it's all paid  
What say, I spend a third on a upgrade  
Import palm trees 'cuz I ain't have enough shade

[Chorus]

This is for all of my people  
Who stood beside me and still believed  
Drop-top cars and SUVs  
G5 flights and shopping sprees  
This is where you wanna be  
This is La Familia

[Hook]

And when the record plays  
What will the haters say  
Oh don't you be afraid 'cuz I'm your alliby  
So when I'm drivin by  
Don't try to analyse  
And beacause of him I'ma still be fly  
And this our lullaby

[Verse 3]

C'mon now, you know my flow  
I'm in and out  
Non guilty, I ain't gotta buy the trout  
Couple of critics but I ain't gon' stop now  
I got a plane to catch to be in Moscow  
I'm on jets, they doin sky miles  
So I see why the people so hostile  
It's no drama, it's mo' honor  
I'm wanted in the world like I was Osama  
This is no exaggeration  
Why these people so mad at Mason

[Chorus]

This is for all of my people  
Who stood beside me and still believed  
Drop-top cars and SUVs  
G5 flights and shopping sprees  
This is where you wanna be  
This is La Familia

[Repeat 2X]

Take that, take that  
Take that, take that

[Repeat until fade]
