Two, two, one, two

How Doom hold heat, and preach non-violence?  
Shh, he 'bout to start the speech, c'mon, silence  
On one scary night, I saw the light, heard a voice  
That sound like Barry White said, "Sure you're right"

Don't let me find out who tried to bite  
They better off goin' to fly a kite in a fire fight  
During tornado time with no coat then I caught ya  
Wrote the book on rhymes, a note from the author

With no head shot, he said it's been a while  
Got a breadwinner style to get a inner child up in to  
smile  
And that's no exaggeration, the doctor told a patient  
"It's all in your imagination Negro"

Ah, what do he know? About the buttery flow  
He need to cut the ego, trippin', to date the  
Metal Fellow been rippin' flows, since New York  
Plates was ghetto yellow with broke blue writing

This is too exciting  
Folks leave out the show feelin' truly enlightened  
They say, "The Villain been spittin' enough lightning  
To rock shock the Boogie Down to Brighton," aight then

Yeah, check, it's enough  
Uh, yeah, now

How Med hold heat like Clint East is reborn?  
Lethal with more holes than a dartboard  
Haters watch him, Hennessey double shot drink  
Like the answer to the problem's at the bottle's bottom

Uh, from the [Incomprehensible] that homey pay how  
you owe me  
My niggaz take no like Kobe  
Even with the the arms of the Hawk, you couldn't hold  
me  
From gettin' mines, stogies be rolled, smokin' and

gettin' by

Thanks to rap I ain't got a dime  
Got me sneakin' out of checkout lines with bottles by  
the waist side  
Yeah, smack 'em in the face, let 'em taste pride  
Face trial, end up washed up like the shorelines

Do or die ride, how the dead return  
Street turns, keep me in this dirt, like an earthworm  
What he spit hits and grows, will brothers ever learn  
Worth a word, chat with a nerd, meeting adjourned
