[Ma\$e talking]

I don't regret nothin' that i've ever done at this point i
don't owe n obody an explanation

[Ma\$e]

Man they love you when you up kick you when you down
look around vh1 man where are they now
Life is amusin' nobody like to see you cruisin' but
evrybody like to see you losin, so i stop
Despisin' on top a lies im livin prophet side i'll be
ostracized one day i lost my rodeydum the
Day i hit the podium now im back on top salty like
sodium a gift to this world man rappin' wit a
Ribbon why do you look for the dead among the livin'
sum thought i was crazy sum thought i was
Missin sum said i was lazy sum said i was diffrent i was
so loaded that evrybody flowed it but
Once i got to notice then i got focused and then i saw
they motive so evrybody voted so i did the
Way i rote it and live it the way i quote it, c'mon

[Chorus]

Gotta Survive in this life that's been givin to me when it
seems that the world keeps crashing on
Me when im down at the back just keep it real, Gotta
survive, Gotta survive, Gotta survive in
This life that's been givin to me so i tried and i tried to
do anything when it seems that the
World keeps crashing on me, Gotta survive, Gotta
survive

[Ma\$e]

Now the block tried ta tell me what im not pull up in a
bot now im all a sudden hot now they
Wanna stop just ta look at wat i got thought they were
my homay left me out ta rot so i had ta
Make it on my own take it on my own i wanted out the
hood i had ta scape it on my own believe me
Now it's easy now cause evrybody seen me down and
im on tv now but it started out with no budget
Then i took it round the world and the folks love it in the
beginnin man my life it was so rugget

But now i shine like a gold nugget cause i made the
most of it i no how u feelin man i was weary
Sum days i used ta sit there my eyes all teary thinkin ta
myself do anybody hear me now i no, u
Makin a dolla's not a theory, c'mon

[Chorus]

[Ma\$e]

I been laughed at, talked about ridiculed, but m dot
bethay is still not a bitter dude and u no
Its no coincident that me n u is not so intimate i can't
fake i don't shake i don't break i don't
Lose i don't use i don't bruise i never lack and im neva
goin back im nuttin u never sawd of im
Tellin u that im immortal

[Chorus]

[Ma\$e talking w/ chorus in background]

Yea, u no there's nuthin in this world that could
seperate me from wat i believe from wat i've
Achieved all a dis is because a him and im tellin u now
as much as yall don't wanna hear dis i
Could do nuthin of myself it's all through him it's all
through him so all around the world u don't
Even no suces until u no him and him is jesus
