I've been sneaking out your back door  
Since I can't remember when  
Thinking about the world I didn't know  
(And how I wanted it)  
But now I'm fighting in the thick of it  
And feeling so alone  
I take a chance, just one more chance  
To get me anywhere

It's like I'm running down every road but home

And now I'm running  
I'm moving too fast  
So we would know (ohh)  
And where I'm headed to  
It's nobody's guess  
So here we go (ohh)  
So here we go (ohh)

I saw the map like any other would  
Looking to find and follow lines  
That led me to questions  
But I can see it in the symmetry  
It's what was really always meant to be  
The singularity is clear from the distance

So I'm dying here to fall in love with home

And now I'm running  
I'm moving too fast  
So here we go (ohh)  
And where I'm headed to

It's nobody's guess  
So here we go (ohh)  
So here we go (ohh)

Staring into mirrors  
Lost in my design  
Leaving dreams and wait for signs  
You will always find me when I run away  
So I will not slow down

Until I make it back into your arms this time (ahh)

And now I'm running  
I'm moving too fast  
So here we go (ohh)  
And where I'm headed to  
It's nobody's guess  
So here we go (ohh)

And now I'm running  
I'm moving too fast  
So here we go (ohh-a-woah)  
And where I'm headed to  
You don't have to guess  
So here we go (ohh-a-woah)  
I'm headed home (ohh-a-woah)  
I'm headed home (ohh)
