Do the thing man  
Fo real, don't stop  
(And I like it, I, I)  
H World don't stop  
(And I like it, I, I)  
M. Betha, don't stop  
(And I like it, I, I)

They wanna roll like me, do a show like me  
Wanna jump in the ferrari and roll like me  
But I know who I be, wit no ID  
So much money think the bank owe me  
Yo, I do the thing now what you wanna do?  
I make the music that you want with ya boo  
Go away bring back somethin just for you  
Cant no man stop what we come to do  
I been flyin all week, I land for a day  
Sit somewhere so I can plan my day  
I take you to somewhere like Sandro Pe'  
And you though I said San Jose? No way  
Come on, you know I wouldn't lead you wrong and  
You know I wouldn't lead you on and  
If everybody tellin you to keep it off  
Who gon say keep it on? Come on

We don't have to take our clothes off  
To have a good time, oh no  
We can just chill and kick it all night (kick it all night)  
Cause it feels so right (feels so right) cause it feels so  
right

Uh, we don't stop  
I tell those, girls in Melrose  
That love Chanel clothes  
To keep they legs closed  
The way we met, gave you major respect  
I move bodies like I wave the tech  
I make all the young girls stomp like a majorette  
You need lights to engage in sex  
And just because you got the best ride  
Don't mean you the best guy  
Like the car, you can't let everybody test drive

And I know you like expensive trips  
Expensive whips, and spendin chips  
The drink you drink is an expensive sip  
I just bought a home in an expensive zip  
And ever since I met you it haven't been dark since  
Hold your hands by a central park bench  
Twenty million just for the apartment  
No financin tell me when your heart went

We don't have to take our clothes off  
To have a good time, oh no  
We can just chill and kick it all night (kick it all night)  
Cause it feels so right (feels so right) cause it feels so  
right so right  
And I like it, (you know I like it) and I like it  
And I like it, (I know you like it) I, I  
And I like it, (I know they like it) and I like it  
And I like it, (Yeah I like it) I, I  
And I like it, (I know you like it) and I like it  
And I like it, (You know I like it) I, I  
And I like it, (Come on, come on, come on) and I like it  
And I like it, (Come on, come on) I, I

Now we can just dance, all I need is a chance  
To meet ya old man and go and meet ya whole fam  
Aint tryin to weaken ya stance, with a weekend in  
France  
I wanna pay all ya bills like a week in advance  
Im not a rude dude that'll reach for ya hand  
And if ya tell him no then he'll understand  
Even though, everywhere he go he in demand  
And gotta give you no E to try to sneak in ya pants

We don't have to take our clothes off  
To have a good time, oh no  
We can just chill and kick it all night (kick it all night)  
Cause it feels so right (feels so right) cause it feels so  
right  
We don't have to take our clothes off  
To have a good time, oh no  
We can just chill and kick it all night (kick it all night)  
Cause it feels so right (feels so right) cause it feels so  
right
