Tonight, a black out
A panic attack plan with no time to figure it out
We've issued a code red already dead
No open sign, no beak of light
That said:

Don't give it away
You want the truth
Its all answers now

All hands on deck we're going down
All hands on deck we're going down

Screaming, the end is near
So rest in peace cause we're the ones that put
ourselves here
Water rises, now hold your breath and count down
This ship of sinners and saints are just waiting to drown

Don't give it away
You want the truth
Its all answers now

All hands on deck, we're going down

No plan but ours can take us now
So try to understand
Since we got lost and we get tossed around

All hands on deck we're going down

Aaaaaaaaaa
Aaaaaaaaaa

Of all the chaos and order there's no drift to catch the
law of the unknown
So take refunds on your borders where
The truth is that we all must die alone

All hands on deck we're going down
No plan but ours can take us now
So try understand

Since we got lost and we get tossed around

All hands on deck we're going down
