Once alone and too afraid of strangers knocking on my
door

And when you came in I knew you'd win

I was sitting on the front porch swinging

And waiting

I tried walking with you in mind

Looking down saw my feet were tied

Got to thinking how easy it would be

Within the fear and the chains being a part of me

And I'm waiting

Always waiting

For my ride to pick me up

On my time

Seems I'm staying

As the others cross finish lines

I could break with the day

I could set into speed

But to tell you the truth

I'm always waiting

Always waiting

Caged in like the beautiful view

And I was waiting for the night when I could soar with

you

And when you pick me up release me to fly

If I had only kept my own wings dry

I'm waiting

Always waiting

For my ride to pick me up

On my time

Seems I'm staying

As the others cross finish lines

I could break with the day

I could set into speed

But to tell you the truth

I'm always waiting

Always waiting

(Don't wanna fly...)

Always waiting

For my ride please pick me up

Tonight

I can't stay here

I know I can see the finish line

So I break with the day

And set into speed

But I'm driving away

Are you driving to me

To tell you the truth I'm always waiting

Always

Always we must find our ways (da da da)

Always (da da da)

All I could do was drive away

Always (da da da)
