Come on brother take a ride with me
Something's gotta give between us ya see
Either way we'll speak or fight it on out
Yeah 'cause this old blood
Runs far from thin
Thicker than the water we're drowning in
There's room for two here to swing
Or bury old blades
Come on a come around
Let's come around
I don't care what was said or done
No time to mind who was cut or spun
Take it out any way you wanna let go
Yeah cause This old blood runs far from thin
Thicker than the water we grew up in
Man to man we were brothers
Before we were friends
Come on a come around
Now come around
Just come around
Yeah when days are too numbered for war
Come on brother [x3]
(Do you remember)
We were all for one for law and man
Come on brother [x3]
(Do you remember)
When we rode out right through thick and thin
Come on brother take a ride with me
Something's gotta give between us ya see
Either way we'll speak or fight it on out
Well if you gotta go and
Go and take your swing
I can't say I wouldn't do the same
But we should just shake and embrace
Till We're underground
Come on a come around
Now come around
Let's come around
Yeah when days are too numbered for war
Come on brother [x3]
(Do you remember)
We were all for one for law and man

Come on brother [x3]
When we rode it out right and never looked back
Again [x5]
When we rode it out right and we never looked back
Do you remember[x6]
Till we rode it our right and we never looked back
Do you remember
