You put me in the pictures
In the pictures in which my head is swimming
You were made for life
You're lost to the world
Very transparent, very selfish
Beautiful powerful careless women
Watch it

My body screams yes
My mind just keeps it's peace
Clam up, calm down

We embrace during the journey
Such a short ride in a borrowed car
The time is ripe for getting things right
At a very reminiscent temperature
Watch it

My body screams ...
