Once you had this promise  
On the tip of your tongue  
But it went without saying  
It went on too long

All the straws you clutched at  
Have burst into flames  
And so you smile that way  
Tantalizingly lame

The smart ones understood +  
How your heart bursts  
Like a bottle of champagne  
You're just desserts

The smart ones understand  
You shouldn't settle for less  
You're gonna forget yourself  
In my happiness

Keep your silence to yourself  
You will forget yourself  
Keep your silence to yourself  
You will forget yourself

You will forget yourself  
You will forget yourself  
You will forget yourself  
You will forget yourself

Keep your silence to yourself  
You will forget yourself  
Keep your silence to yourself  
You will forget yourself

You will forget yourself  
(In my happiness)  
You will forget yourself  
(In my happiness)

You will forget yourself  
(In my happiness)

You will forget yourself  
(In my happiness)

You will forget yourself  
(In my happiness)  
You will forget yourself  
(In my happiness)

You will forget yourself  
(In my happiness)  
You will forget yourself  
(In my happiness)
