Grey winter skies
cannot dim your light
autumn winds
cannot hold you now
I hear you whisper
thru the frozen sea
I hear you calling
Gold desert sands
shift across the sun
summer snow
falls on everyone
But still you whisper
thru the frozen sea
I hear you crying - to me
Melting snow a midnight sun
not how it was when the world was young
melting snow a midnight sun
not how it was when the world begun

I hear you whisper
thru the frozen sea
I hear you crying
Melting snow a midnight sun
not how it was when the world was young
melting snow a midnight sun
not how it was when it all begun
Melting snow a midnight sun
not how it was when the world was young
melting snow a midnight sun
not how it was when it all begun
