Well, he's a kind of pretty  
Drives a big car too  
When he holds me in his arms  
I don't know what to do  
He's got everything he needs  
What does he need me for?  
A crazy fool  
Comin' back for more  
I know he's no good  
Can't leave but I know I should  
Everybody says: "Watch that boy.  
He'll break your heart like it was a toy."  
You'd better save it  
Save it for a rainy day  
And you'd better save it  
Save it for a rainy day  
Well, I'd leave in a minute  
If I only could  
But he touches me  
And it feels so good  
My heart's in his hands  
This is sure a mess  
No way say no  
When he says: "Yes, oh, yes"  
Take me and shake me  
Tell me this ain't a dream  
Everybody says: "Watch that boy.  
He'll break your heart like it was a toy."  
You'd better save it  
Save it for a rainy day  
And you'd better save it  
Save it for a rainy day
