Feed up ...  
Thirty some block  
Keep it around your body  
Too hot dive in  
Take a little stamp .. down in the water  
All do you say  
It's to stay all day right here  
When the sun  
Footprints on large ...  
All the band looking out for the night  
Party ...and tired up  
Common things are blow up  
it's all good  
I't all right  
Just getting hot  
On a salt life  
On a salt life  
Start to feal the brise of a bear and i like it  
A little too much  
And all i wanna do it's stay right here with you, with you  
baby  
So get up  
Don't you love days like this  
When the sunset on tane lines  
Footprints on large ...  
All the band looking out for the night  
Party ...and tired up  
Common things are blow up  
it's all good  
I't all right  
Just getting hot  
On a salt life  
On a salt life  
Party flip flap  
No tic tac  
Never stops It's never stops  
When the sunset on tane lines  
Footprints on large ...  
All the band looking out for the night  
Party ...and tired up  
Common things are blow up

it's all good  
I't all right  
Just getting hot  
On a salt life  
On a salt life  
Feel so good to live a salt life
