I like a girl but she dont know it yet.  
I guess I need to take the time sometime to tell her  
that.  
I like a girl ooooo shes beautiful.  
She stays a while,  
Makes me smile  
I wonder if she knows  
I like the way she talks to me,  
I like the way she walks with me  
I like a girl but she dont know it yet.  
Yeah!  
I like a girl whooooo makes me laugh on every single  
word she says  
She takes me back to the back seat of my jeep on a  
long  
dark country road on a country night with the radio on  
singing soft  
and slow  
OoO oOo OoO Oooooo Yeah ooooo she gets to me Yeah  
laaadada Ladaladada  
I would like to take this girl on a Sunday drive  
We could cruise around and talk about the house we  
buy  
I like to give this girl, give her everything  
Big old house and fancy cars, a diamond ring, yeah  
She knows I know that we got something special here  
that something Id never let go away.  
I know one day it will all be clear just why were here  
and why were gonna stay, yeah.  
OoO oOo OoO Oooooo Yeah ooooo she gets to me,  
mmmmmm.  
I like a girl but she dont know it yet.  
I guess I need to take the time some time to tell her  
that, yeaaaah.
