Id give anything to go back  
To do anything to go there  
To take my breath away again  
I still see your face right there  
Staring at me and I swear  
I can feel you here

When I close my eyes  
I know I should drop everything  
And run straight back to your side

Maybe I should take a bus ride  
Maybe I should put this car in drive  
Go find the love that we both used to know  
Maybe I can find the one way  
Maybe you'll forgive me someday  
No red light stopping me  
Nothing gonna slow me down  
Starting now

Every step every turn that I take  
Every thought every move that I make  
Brings me closer to you  
If the day is done and I haven't found you  
I'll take my love and I'll turn around  
Go down another road and try again  
Yeah try again

Maybe I should take a bus ride  
Maybe I should put this car in drive

Go find the love that we both used to know  
Maybe I can find the one way  
Maybe you'll forgive me someday  
No red light stopping me  
Nothing gonna slow me down  
Yeah, starting now

I'm gonna find a new way to love you  
I'm gonna find the one way to hold you cuz  
I just cant stay  
Waiting around for your

Love to come back around  
Back around

Maybe I should take a bus ride  
Maybe I should put this car in drive  
Go find the love that we both used to know  
Maybe I can find the one way  
Maybe you'll forgive me someday  
No red light stopping me  
Nothing gonna slow me down  
No red light stopping me  
Never gonna slow me down  
Starting now  
Yeah, starting now  
Im heading for ya baby  
Starting now  
Im gonna find ya baby  
Starting now

(headed for you, headed for you)
