Another living room  
eyes all over me  
We could get in trouble  
but I love the way you look at me  
Another stereo  
waiting for permission  
Started playing Cadillac Walk  
would it shut me up and get me to listen

And I  
I think maybe we were lovers in a former life

You could be my gateway  
I could be your therapy  
I could be your trouble

I can feel it all over me

Another night another living room another hand  
is slowly thumbing through his impressive collection  
Call it curiosity what's he gonna play for me now  
Another beer another bar another difficult choice  
he threw his coat over my shoulders and he lowered  
his voice  
and said I didn't mean to scare you  
I only want to keep you warm

And I  
I think maybe we were lovers in a former life
