Thank you Richard
I'm melting like butter
I'm walking on water
I feel like your daughter
And I followed the directions but it wasn't enough
I just feel a little anti-social in a crowded world

Took off for Mexico and all of it's colors
Que viva la Raza y viva the lovers
And I'm staring at the ocean but it isn't enough
Show me a folk-singing pot-smoking hippie in a
material world

One day he told me it's all in the details
And I should pay attention and everything's for sale
Tempting situation but it wasn't enough
I tried to save you but I couldn't afford it

You said 'welcome to the corporate world'
Yeah
Open up your wallet baby

Show it to me do your thing
Show it off bling bling then I'm gonna rock your world

I wasn't thinking straight if anyone should ask
I was blinded by the flash and the cold hard cash
And the tempting situation but it wasn't enough
So you can keep your dinner and your fancy vacation
And your Red Carpet Club

Yeah
Open up your wallet baby
Show me what's inside
Buy yourself some brand new toys
To keep you occupied
