If I was brave  
Iâ€™d call you and say  
Baby get ready  
Iâ€™m coming to Colorado

Wish you were here  
Wish I could disappear  
If I only could  
Iâ€™d be resting my ears

And oh  
you had to leave me alone

So everythingâ€™s fine  
Most of the time  
Been dealing with egos  
more fragile than mine

Unusual dreams  
the usual things  
Rip out my heart before clipping my wings

And oh  
you had to leave me alone  
Iâ€™ll be on the ground when you fall from the sky  
Everything will change boy  
you will always be mine

Both of us are water signs maybe thatâ€™s why  
Maybe thatâ€™s why
