Verse 1: magic (ms. peaches)

Let me explain my situation before we even conversate  
See I'm involved with this female that just can't be replaced  
So I'm just looking for a friend are you interested?  
Cause I would love to see you butt-naked lying in my bed  
You won't regret a mintue just tell me what you like  
And I promise to make this the best night of your life  
(now would you dine on me? ) sure baby only the best  
(now would you treat me like a queen? ) only if you can pass the first test  
Is the pussy good? ( you just got to see for yourself)  
Well is you cold with it? (oh believe me this is the best)  
It's just me and you and I won't tell nobody  
So put your hands on my hips and let your neck get rowdy  
If you suck my soul, I'll play with your emotions

So at the point of penetration, your wetter than the  
ocean  
Getting aroused by my every motion  
As I'm getting aroused by your victoria secret's lotion  
I'm harder than an armadillian, can't fight this feeling  
If you get on all four, shoot that ass to the ceiling  
As I apply the pressure as she starts to moan  
Ohh if it's it's on...look  
Why is you biting at that pillow baby, screaming my  
name?

(because your working that dick, you got me going  
insane.)  
(boy you'se a soilder) I told ya ( how you keeping your  
composer? )  
Cause right before we started, I smoked three gards of  
dolja  
You getting the dope dick, I prepared for this  
Wanted to dick you down before I blasted  
The plastic got the bed down better than average  
It's only been an hour and she's speaking of marriage  
I get upset, but then I start to laugh and I can't blame  
her  
She's been exposed to magic,  
No other man can make her feel like I make her feel  
(shit I ain't trippin on your wife, I'm trying to keep it  
real)  
So what you sayin boo? cause I'm hoping that I'm  
hearing you  
I told you from the jump there was no future in this  
( so what you sayin? don't I fulfill your biggest fantasy)  
Nah to tell you the truth baby you bothering me  
I undressed you, only to sex you  
Gave you the dick and it must have impressed you  
(man you shiesty ass niggas fucking make me sick  
I wish I would have known, I would of asked you to lick  
my clit  
Dont you recall the day that you begged for the pussy,  
Paided for the pussy)  
Yeah but now I got the pussy  
(you just a fucking same nigga, ain't nothing changed  
You just another lame nigga)
