Oh love will find a way  
Oh love will find a way  
Love will find  
Oh love will find a way

I'm back and I'm here to stay  
Come back, love will find a way  
I'm back, I won't run away  
Come back, love will find a way  
Love will find a way

I need to tell you but you're never there  
It's something, Baby, that I can not bear  
Empty feelings when you go away  
That's the price I guess I have to pay

I know I treat to wrong before,  
Treat you bad for all know  
Should I change, should I stay, should I've been there  
for you  
I know I treat to wrong before,  
Treat you bad for all know  
Should I change, should I stay, should I've been there  
for you

Love, yeah  
Love will find a way

I wait for you to come back to me  
I want to hold you Baby can't you see  
I say I'm sorry but you just won't hear  
Make up your mind cause I will always be here

I know I treat to wrong before,  
Treat you bad for all know  
Should I change, should I stay, should I've been there  
for you  
I know I treat to wrong before,  
Treat you bad for all know  
Should I change, should I stay, should I've been there  
for you
