[Cell Phone]

You know how I do it, baby show me something ya heard me.

[Chorus]

Your not in love with me baby, you like the thug in me baby.

I think you're really in love with my money.

I still like to fuck with you baby.

I know your hot for me mama.

Love when I kill the punana.

I like it better without all this drama.

No need to step across them lines.

[Hook - 1x]

Let's keep it short and simple

[Magic] \*Laughing\* you know

That's just the way it needs to be

[Magic] uh-huh

[Magic]

I'm feeling this flame with you, doing this thing with you, keeping it real with you.

I'm a thug and you notice, I already show this, if you haven't noticed.

I got to get me a dime, make it clear all the time, pussy stay on my mind.

That's why I stay on the grind.

After every show I'm hitting the hojo flocking women behind me, walkin my mojo.

Never solo, that's a no-no. Breaker Breaker, is you feeling me,

That's a 10-4.

I don't need no X, all I need is some dro, give you a couple

Ooohhhh, Baby I got to go, Two youngen's in my idol, Got womens

By the dozen, Always follow my model, never tell them  
you love them.

Keep them thinking it's cool, baby we just friends.

If you looking for more, then baby it's gotta end.

You want to be my main squeeze, cause I can take care  
of your needs, put you right to sleep.

I do that with E's, start looking for a thug, and stop  
looking for love.

We can do some dirty and sweep it under the rug.

Keep it in the closet, don't know shit don't start it.

I got a fetish for red bones, especially with thongs on, I  
see them in them (Damn)

Got to holding my ding dong.

Rumors you heard about me, yeah they true,

Turning hoes into house wives, that's what I do.

My staff is starving, and I can hear that pussy calling

(Yes)

I'm trying to murder your private, go with it, don't fight  
it,

It's been deprived, let me get it excited, stop stressing,

If I don't call you back, don't trip 'cause you really you  
wanted that.
