Ok, let the fuckin dogs come through ok?  
Get the fuck out the way man  
And let the fuckin dogs come through ok?  
This belongs to us man.  
We the fuckin thugs.

1 - we thugs

What you ain't heard of us, man we motherfuckin  
murderers  
Nigga we thugs  
A million dollars ain't easy to touch  
Cause us niggaz ain't scared to bust  
{repeat 1 x4}

[magic]

I do my best to keep my past in my past, I remember  
wearing ski masks  
Running from the taz, busting at they stupid asses  
Coward fuckin bastards would love to see my wrapped  
up in plastic  
With a lock on my casket  
But ut uh, ain't goin be none of that  
Yall will see me jump in my black 'llac  
With the windows down busting back  
(man here come the fuckin coppers)  
You think I fuckin worry bitch, I got a fuckin chopper  
I'm the southern's finest, rewind this  
And see if your shit can call me your highness  
You can't find this no where else but the south  
I love ducking but money is what I'm bout  
My career is my necessity, who could the best be  
Shit, man you motherfuckers testing me  
It's no limit, I leave the war without a motherfucking  
blemish

Bitch I'm a soldier, I walk in the rain and I won't get wet  
You motherfuckers better give me respect  
Bitch I'm mr. magic, I thought you knew I was here to  
cause havoc  
Don't get mad, cause

2 - i'm a thug  
What you ain't heard of us, man we motherfuckin  
murderers  
Cause I'm a thug  
A million dollars ain't easy to touch  
Cause us niggaz ain't scared to bust  
{repeat 2 x2}
