[Magic & Master P]

I'm just saying brah

Can you palm the ball (Like this)

But can you shoot the ball (All day)

But can you dunk the ball (Like this)

Basketball (That's good enough?) Ha ha ha ha

[Magic]

Where the ballers at huh huh

Where the ballers at huh huh

Y'all where the ballers at

Let's get ready to rumbbbbble!

Cal, I want you to escort all the imposters off the floor

[Hook: Magic]

I'll be done shot a three-pointer Whoosh!

I done been slam dunked on ya

You did a lot better on the corner

Cause I can tell by your game, you ain't a baller uh

I done be shot the three-pointer (Whoosh!)

I done been slam dunked on ya

You did a lot better on the corner

Cause I can tell by your game you ain't a baller uh

[Magic}

Well it's the first of the month and I just got paid

So I'm trying to go home and catch a game on cable

Something about the NBA keeps me watching

Everytime I see em' play I'm hypnotized

All that slam dunking, oops left em' in they shoes

All night, got you feeling like you was born to lose

It's going down, somebody going to be high tonight

Dennis Rodman might fight tonight

Somebody getting slammed on, so stop complaining

Play the game like a man boy

Is you mad cause you got, juke juke

Somebody left you stuck in suspense

Broke your confidence, got you looking for the bench

While the world is watching you

Alright moms, I had a bad game got dunked on about  
four times

Better luck tomorrow  
But to beat this squad, you gots to be a baller, what

[Hook]

Who remembers Mo Cheeks, David Johnson  
Elvin Hayes and Bill Walton  
Ball handling from the Earl the Pearl  
And the three-point shots from Larry Bird  
Check out passes passed from Pistol Pete  
And the way Dr. J made everything look so sweet  
What about the tower called Wilt Chamberlain  
And Kareem, got us in the game again  
Bill Russell, won eleven NBA championships  
Walt Frazier, he could be better known as a pimp  
Elgin Baylor, made shooting three-pointers look easy  
Magic Johnson, in my opinion there was no better  
leading  
Michael Jordan, he's amazing how does he jump so far  
No matches perfect, so I think he might be from the  
planet Mars  
And to you upcoming stars, you know who you are  
Feel blessed and thank the Lord that you's a baller

[Hook x2]

[Magic]

Where the ballers at huh huh  
Where the ballers at what what  
Where the ballers at huh huh  
Where the ballers at what what  
Where the ballers at huh huh  
Where the ballers at what what  
Where the ballers at huh huh  
Where the baller at whatttttt!
