First Verse [Juvenile]:

You gone take them 5? Or you gone take them to the  
trial?  
And go get denied?  
By that probation and you just got, caught with that fry  
That alibi ain't gone work,  
Ain't it somethin' how them niggas from out that three  
be doin' that dirt?  
Score a quarter from oh-oh, rock it up by four-four,  
Then you can go in them hallways and smoke that fire  
all day  
Shhhh....be quiet,  
Tonight is the night that we ride,  
Thirty camoflaug hummers with niggas inside  
With choppers, doin', surgery on bodies like head  
doctors  
Be quiet, cuz they mad tonight, we gone act a ass  
tonight,  
I'ma take a body to that project for a sacrifice,  
That Calliope got that dope for less,  
Fuck around that bitch if you want, and get left,  
Brains hangin' off the steps, people cryin',  
Second line, T-shirtin', feet hurtin' from all of that  
twerkin'
