Even though it's hit or miss
Even though you wanted this
And even though you've hidden things
You said yeah baby you got it

Or is it just a phase you're going through
Must you run around and show me everything you do
Because I'm envious of everything that's new
About you

Even though it's hit or miss
Even though you wanted everything
And even though you've hidden things
You said yeah baby you got it

Even though it's hit or miss
Even though you wanted this
Somehow I feel strange
Somehow I feel at home
