"For A Second"

Nothin' to say
Nothin' to do
Lost for words
Just like you
Finding you lying there quiet
All in the name of science
Your's was good
Mine was bad
Made me pure
Made me mad
The front of you is the back of me, yeah
Can't leave you even for a second now
The front of you is the back of me
Oh can you see
Mine was good
Your's was bad
Made me pure
Made me mad
Finding you lying there quiet
All in the name of science
The front of you is the back of me, yeah
Can't leave you even for a second now
Can't leave you even
For a second
