And I care less and less each time  
You put your head out on a line  
And I care and I care and I care  
Less and less each time you put your head  
Between your hands and cry that you can't do it this  
time  
I've been fightin' for it  
I've been fightin' for it  
I've been fightin' for it  
I see your wound and I wonder how soon  
Before you fly into the night  
I wonder I wonder I wonder I wonder  
How soon before you get it right  
I've been fightin' for it  
Just another feelin'  
I've been fightin' for it  
Just another feelin'  
I've been fightin' for it  
Just another feelin'  
I've been fightin' for it  
Just another feelin'  
It's all just true that I love you  
Prince of snow wolf of volcanoes  
Tests me still  
It tests me it tests me it tests me it tests me  
Still to see if I can sit  
While you drink your fill  
I've been fightin' for it  
Just another feelin'  
I've been fightin' for it  
Just another feelin'  
I've been fightin' for it  
Just another feelin'  
I've been fightin' for it  
Just another feelin'
