"Shame, Shame"

Love was the game
Fool was my name
I thought you'd know wrong from right
But you ran to his arms tonight

[CHORUS]

Shame, shame
We had a good thing, baby
Shame, shame
He doesn't love you, baby
Shame, shame
He'll only break your heart
And leave you standing out in the rain
Shame, shame

I was your clown
But he'd be around
You call him up on your stage
But he's acting out every page

[Repeat CHORUS]

I thought you'd know wrong from right
But you ran to his arms tonight

[Repeat CHORUS]

Hey!

[Repeat CHORUS] (FADE)
