All Waters Have The Colour Of Drowning

[music by: Bogdan Costea, lyrics by: Bogdan Costea,  
arranged by: Magica]

Please tell me crimson river  
Is there a place where I  
Should search your troubled waters  
Please don't lie  
It's been raining for three days  
And the waters are now high  
I can't find no crossing  
I'm afraid I'll drown tonight

Wicked river, you don't care  
You just follow your own course  
While I weep upon your shore  
You show me no remorse  
While the spirits that you took are frowning

For me, it seems  
All waters have the color of drowning

Evenings when I used to get back  
Home again  
I'd meet my love in this boat  
On your wave  
And damned be the moment  
When my ring went down below  
Then he smiled and said  
"I'll get it back for you"

Now I wish that every river  
Would just stop its flow  
But I fear that this waters  
Just won't let us go  
Not now, not tomorrow, not until  
We're all down there below
