Have you ever faced the second level?
Have you ever walked the corridor?
The other side, from where I hide...

Join the circled of eternal thoughts!
The unique gate...
I grew an hate...
Ultimate fate...
Join the circle of eternal thoughts!

LÂ'antre dÂ'un avenir infini
La voÃ»te du pouvoir de lÂ'esprit!
As tu dÃ©jÃ fait face au second niveau?
As tu dÃ©jÃ marchÃ© le corridor?

Join the circled of eternal thoughts!

The unique gate...
I grew an hate...
Ultimate fate...
Join the circle of eternal thoughts!

Join us and be apart of your enemies...
Join us and be apart of your enemies...

I came to the mountain side
IÂ've been through this after all the end...
All the end...
I came to the mountain side
IÂ've been through this after all the end...
All the end...
