(Vers)

Cupid hit my heart  
I knew it from the start/  
Now whenever we apart  
I think about you in the dark/  
Girl be by my side  
Don't leave me alone/  
I got all these different feelings  
That's why I made this song/  
Girl, I really need you  
Girl, I need to feel you/  
Girl, I wanna please you  
Girl, I wanna freak you/  
And that's no lie  
Girl, you caught my eye/  
Think about you all the time  
Girl, won't you be mine/

(Pre-hook)

Love, love, love to you  
I wanna love you all night long/  
Cause my folks ain't home, so we can get it on  
Untill the early morn'! (2x)

(Hook)

Love, love, love to you  
I wanna love you all night long/  
Cause my folks ain't home, so we can get it on  
Untill the early morn'! (2x)
