Too bad.
So sad.
You're not the one i want.
It's o.k.
It's your fault.
But you should take it with a grain of salt.

[chorus]
When i leave you don't come crying.
Don't want to hear that you think you're dying.
All the promises I made to you.
You only had to make them too.

You played and i let you.
Never anything that might upset you.
I felt so dumb.
The only difference is that you left me numb.

[Chorus]
When i leave you just remember you were the one who
couldn't do forever.
All the promises i made to you.
You only have to make them too

You know you broke me down.
And I don't be hang around
A second more!

Too bad.
So sad
you were the best thing i ever had.
It's alright.
It's O.K.
The only difference is I'm
Filled with hate...

[Chorus]
When i leave you just remember you were the one who
couldn't do forever.
All the promises i made to you.

You only have to make them too
Yeaeh!
