"All's Well At Oakwell"

From Upton Park to the Baseball Ground
From Old Trafford to Anfield Road
It's the same old story if you're disabled
Just token gestures, no real facilities
All those clubs so famous and rich
Stick the disabled by the side of the pitch
Exposed to snow and wind and rain
With a limited view of the game

But down at Oakwell things are different
You don't have to stay at home if you're disabled
There's a special stand, with a decent view
What big clubs don't consider--Barnsley do!
