Goodbye to the summer, sold down the river
Unhappy ever after, well, did you ever
Did you ever reach for the glued-down penny?
Same old joke and it's not funny
Burns are red, bruises blue
Out with the old, cheated by the new

Do you suffer from long term memory loss?
I don't remember
Do you suffer from long term memory loss?
I don't remember

You sing the same old verse
Stick like glue for better or worse
What goes around comes around again, again, again
This heart's pulled apart, hydra fighting head to head
Burns are red, bruises blue
Out with the old, cheated by the new

Do you suffer from long term memory loss?
I don't remember
Do you suffer from long term memory loss?
I don't remember

Amnesia

Do you suffer from long term memory loss?
I don't remember
Do you suffer from long term memory loss?
I don't remember

Do you suffer from long term memory loss?
I don't remember
Do you suffer from long term memory loss?
I don't remember
