### "Behave!"

Smiling angels on your milk-white shoulders  
Scared of heaven and accusing whispers  
Angles always get the worst advice  
But they can hire the sharpest lawyers  
Someone's always telling you how to behave  
Boys and girls, come out to play  
See Cupid fire his poison arrows  
Mickey Mouse grew up a cow  
You should hear the things they say about Minnie now  
Someone's always telling you how to behave  
Farewell to all the smiling angels  
I have a date with some little devil  
Girls will be boys and boys will be girls  
I found a bedful of heaven in this hell of a world  
Someone's always telling you how to behave
