Don't tell me lies
I want it all
(Repeat)
I don't need fingerprints
So button up your coat
Before you catch your death of cold
Throw away your books
They're building windmills
Three miles up
Out on the moors
There's an empire waiting
(Chorus)
Look at me now
I can take on the world and win
Look at me now
Towny go home
Whispers in the Tower of Babel
But I have all I need
I have shoes with sharpened soles
And every simple joy
We make it all so complicated
When all you need to know
Is putting the meat
Around your bones
(Repeat chorus)
Just look at me now
Both feet on the ground
My sights are fixed on the horizon
(Repeat)
