Are you sitting comfortably?  
Then I'll begin  
The Story Of Kinnochio  
The man who ran the other party pondered the size of  
his nose  
A man who pleaded for leadership and groveled more  
than most  
He scabbed and he lied and he nodded and smiled  
and he sunk down low  
Whilst the nose at the foot of his happy face slowly  
began to grow  
La la la la la la la la la la la la  
Little by little he noticed that his nose's enormous size  
Was in direct and equal proportion to his political  
compromise  
Despite his strenuous efforts to put the world to rights  
His nose continued to slowly extend as he moved  
towards the right  
La la la la la la la la la la la la  
Eager for power and groveling for votes  
You could measure his popularity by the increasing  
size of his nose  
A dancing puppet grafted in wood  
Controlled by strings operated from above
