These red Azaleas
Never grew so tall
This well of loneliness
Could rise and drown us all

There is no right or wrong
Thigs fall as they do
Pulled by the sun & the moon
Forever comes too soon

People come/people go
But still I'll never let go
Ideas come/ideas go
Still I'll never let go

I've fallen for the girls
Been mad about the boys
When youve kissed an angel
There's just no choice

There is no right or wrong
Thigs fall as they do
Pulled by the sun & the moon
Forever comes too soon

People come/people go
But still I'll never let go
Ideas come/ideas go
Still I'll never let go

Lying with the squares
On the kitchen floor
Watch the clocks pointing fingers
They've seen it all before

There is no right or wrong
Thigs fall as they do
Pulled by the sun & the moon
Forever comes too soon

People come/people go
But still I'll never let go

Ideas come/ideas go
Still I'll never let go
