(Shake it, shake it)

(Shake it, shake it)

Shake, baby, shake the memories away

(Shake it, shake it)

Shake this grown up barbie doll of a day

(Shake it, shake it)

She gets hugh hefner, but she forgets the year

(Ooh)

She just shakes her yeah, yeah, yeah

(Shake it, shake it)

(Shake it, shake it)

Shake the dirt from your hands now Lisa Marie

(Shake it, shake it)

Shakin' up the family with Pamela Lee

(Shake it, shake it)

Shake this fear of gettin' nothin' done

(Ooh)

If you can bake a cake you can make a bomb

{Somebody forgot about something, for sure

Something so obvious that they missed it, it's inevitable

Moribund music of the seventies

(Whats up?)

Let me feel it}
