"Sing About Love"

Visit "[Sing About Love](#)" on MotoLyrics.com

I don?t want to sing about anger and hate
I don?t want to sing about fear and defeat
I don?t want to sing about the things I always sing
about
I wish I could sing about love

I don?t want to sing about war and greed
I don?t want to sing about those we can?t feed
I don?t want to sing about the things I always sing
about
I wish I could sing about love

I don?t want to sing about suffering and pain
I don?t want to sing for another campaign
I don?t want to sing about the things I always sing
about
I wish I could sing about love

I don?t want to sing about rights and wrongs
I don?t want to sing all the same old songs
But I?ll sing them, and sing them ?til there?s no need
to sing them
And then I can sing about love
