She likes the hesitation
He has in conversation
Sad pity being poor, they're being poor again so
Goodbye baby, bye
Here I'll know serenity
I'll be alright (I'll be alright, I'll be alright)
Here I'll know serenity
I'll be alright
I'll be alright
I'll be alright
Tied like an anchor to me
Dragging like the ship's out
Joy in the city
Luck down in the deep down in the dumps
Amid serenity
Here I'll know serenity

I'll be alright (I'll be alright, I'll be alright)
Here I'll know serenity
I'll be alright
I'll be alright
I'll be alright (alright, alright)
I'll be alright (alright, alright)
I'll be alright (alright, alright)
I'll be alright (alright, alright)
(alright, alright)
(alright, alright)
(alright, alright)
(alright, alright)
