By surprise the fragile fluids
That were, seem to dissappear
Behind the eye
In disguise
Or how it ought to
Really ought to be
Like crystal breaking in a spoon
And it's too late
A finger bends another glass
Of fruit
By surprise I finally see the problems in their eyes
Or how it ought to be
Really ought to be
Behind my eyes a different
Set of keys
A figure A to B
Are you mean or do you mean goodbye
Are you clear,
Do you mean goodbye
Then they say to you..??
Say it here
Say it here

A different time you stayed too soon
Or played before I even know
Say it here
Say it here
A candle shows the lack of what I need
To see to be confused
But not to use a better friend
Than you're his he finds he stayed too soon ???
Or played before I even knew
I guess it's just of business now
I guess
Are you clear
Do you mean goodbye
When I say
Say it here
Say it here
Different time you stayed too soon
Or played before I even knew
Are you clear

Say it here
