Bad grace finds the reader's eyes
Keep it slow
Keep it light
Over by the side
And it gets too dizzy when it feels too hot
And when it starts to start
It'll never stop
Space and time
Creep across the line
And try to slow down the fires
Where the fires hide
But it hits the spot
When it gets too hot
And it costs too much
If it costs a lot
I see your eyes
Merry
I swear it stops
I swear it does
Bad grace finds the reader's eyes
Keep it slow
Give it light
Over by the side
But it gets too dizzy when it feels too hot
And when it starts to start
It'll never stop
Space and time
Creep across the line
And try to slow down the fires
Where the fires hide
But it hits the spot
When it gets too hot
And it costs too much
If it costs a lot

I see your eyes
Merry
I swear it stops
I swear it
In the mood for living
Living seeming but not real mood
What did you say

I see your eyes
Merry
I swear it stops
I swear it does Bad grace finds the reader's eyes
Keep it warm
Give it light
Over by the side
But it gets too dizzy when it gets too hot
And when it starts to start
It'll never stop
Space and time
Creep across the line
And try to slow down the fires
Where the fires hide
But it hits the spot
When it gets too hot
And it costs too much
If it costs a lot
I see your eyes
Merry
I swear it stops
I swear it
In the mood for living
Living seeming but not real mood
What did you say
I see your eyes
Merry
I swear it stops
I swear it does
