"Nowhere"

This club is so nowhere
That's why I like the city air
It wrecks and refines
And don't believe it

But you can't stop it
From falling on your head
Maybe learn to take it

You can't stop it
From falling on your head
Maybe learn to take it

This ? ? ? altitude
It's nauseating and it's rude
It wrecks and refines
And don't believe it

And you can't stop it
From falling on your head
Maybe learn to take it

You can't stop it
From falling on your head
Maybe learn to take it

You can't stop it x4

We're going out tonight
To see the sky
Get really high
It wrecks real and refines
And don't believe it

But you can't stop it
From falling on your head
Maybe learn to take it

You can't stop it
From falling on your head
Maybe learn to take it
