These days I don't see you walk too proud
These days I don't hear you talk so loud
When you thought you'd soaked up all of the blows
You realized you were not even close

And it feels like it's tearing you up
Feels like it's wearing you down

You'll get through this if you hang on
'Cause the truth is you're not alone
You'll get through this if you hang on
The truth is you're not alone, you're not on your own

I see your face on every corner of every street
You spend your days just waiting for your next defeat
But I can only tell you what I know
And all I know is that I just don't know

And it feels like it's tearing me up
Feels like it's wearing me down

I'll get through this if I hold on
'Cause the truth is I'm not alone
I'll get through this if I hang on
The truth is I'm not alone, I'm not on my own

You are not alone
It's just hard sometimes to carry on
I'm not on my own
And you are not alone

It's just hard sometimes
It's so hard sometimes
But we got to hold on
We got to hold on, hold on
